

Jayant Agro felicitated by ISCMA for Outstanding Performance in Exports

Mumbai, 4th May 2018: Jayant Agro-Organics Ltd. (JAOL), the emerging global leader in castor based-specialty oleochemicals was felicitated by ISCMA (Indian Specialty Chemical Manufacturers Association) for outstanding export performance for the year 2017-18. **Dr. Subhash V. Udeshi, Technical Director, Jayant Agro Group** received the award.

“It is a great honor to receive recognition for our work from a reputed body like ISCMA. Jayant Agro has the widest range of castor based- specialty oleochemicals in the world and our business is based on Export. It has always been our endeavor to deliver the best and we look forward to continue this journey.” **Mr. Abhay V. Udeshi, Chairman, Jayant Agro Group** said on receiving the award.

The company is conferred with the “Export Award by Indian Speciality Chemical Manufacturers Association (ISCMA) for the year 2017-18” taking into consideration the consistency and growth achieved in exports during the year 2016-17.

Present at the event were Mr. Ashwin Shroff, Chairman and Managing Director of Excel Industries Limited who was the Chief Guest for the evening. Other attractions included Woman Entrepreneur Award, and a gala entertainment programme, followed by Dinner. The event was attended by the captains of the chemical industry and business leaders.

ABOUT JAYANT AGRO

Jayant Agro Group, with a turnover of over of Rs. 16,000 million is the producer of the widest range of castor oil-based specialty chemicals in the world. It's R&D centre is focused on developing new products and applications based on castor oil and its derivatives to convert the molecules to products for markets and to turn ideas into solutions. The management of the Group have been pioneering the castor oil industry in India with an experience of over 60 years in processing castor seeds into various industrial and specialty grades of oil. Headquartered in Mumbai, it has 5 production units in India.

The Group's vision is to provide end to end solutions across the castor-based value chain and its customers.
